

Expectations

We want your child to be happy and feel safe at school – that is our expectation for them. We work very hard this first term to establish good relationships with both children and their parents. We want you to feel part of the Hillcrest family and know that any troubles or worries you can approach us with and we will work together to solve them.

We make sure children are aware of our class rules and routines and would inform you of any issues with a child's behaviour in following out class rule

Your child will be sent home a learning log (instead of a reading record) for half term. We expect these to come into school each day so we can keep them up to date.
