Hawthorne Avenue, South Anston, Sheffield S25 5GR Tel. 01909 550022 Headteacher: Mrs Kate Rayner <u>school@anstonhillcrest.org</u> Our values are: RESPECT, RESILIENCE, TEAMWORK, ASPIRATION and KINDNESS

NEWSLETTER- April 2023- Spring Term Two

Message from Mrs Rayner

Hello Everyone

I'm delighted to be writing this newsletter as your new Headteacher and feel very proud of all the achievements of the children and staff this Spring term. We have held school council and wellbeing warrior meetings to talk about events, learning and matters of interest in school in order to make some positive changes/identify ways forward. We also have a litter picking crew who've been making our school a tidier place to be by volunteering in their lunch time - a huge shout out to them! Celebrating achivements in and out of school is very important to me; some of your children have achieved great success recently out of school in sport, acting and music too. We have some very talented children, please keep us informed of achievements as we'd love to celebrate these too. In staffing news we are delighted to have appointed a new teaching assistant Hayley Reddish who will be joining the Year 1 team after the Easter holidays. Deacon Emily from the Methodist church joined us in school for our Easter assembly and was blown away by the singing, the learning shown and said 'they did themselves proud!'. They certainly were amazing. I hope you all have a lovely Easter holiday with family and friends and I look forwards to seeing you all at the start of the Summer term, Kate Rayner

What we've been up to in school recently! Messages from the staff in the class teams...

Year 6 are loving our current DT project. They are designing a tote bag to make which will support a worthwhile cause such as an endangered animal. There are some very creative designs and we can't wait to see the finished items. They have all been worked exceptionally hard in preparation for the SATs and recently loved writing diary entries based on a visit to a very creepy doll shop!

In Year 1 Maths we have been investigating length and height, now we are expanding to mass and volume. Practically outside with water and jugs, inside with weighing scales and classroom objects. In Science, spring has definitely sprung! We have looked at the difference between seeds and bulbs, found some around school and our local area (daffodils) and planted some hyacinth to watch it grow, and draw when they flower. We also used them to finger paint for mother's day cards. Hope mums liked them! We are making predictions as Scientists around what will happen if we remove something that a plant needs to grow (water, soil or light) in preparation for our cress and mustard seed experiment next week. In D&T we are looking at food hygiene ready to plan and cook our African meal next week! LOADS of phonics and segmenting/blending activities ready for phonics screening is happening. We absolutely love the phonics bloom alien game, we are trying so hard to beat our time (getting the alien to his spaceship by blending and reading different phase 5 words). Parents may like this website to use at home! - https://www.phonicsbloom.com/

In FS2 we have had so much fun, we have learnt all about castles and designed and built some of our own. This last week we have found out all about Easter and Spring. Next half term we will start our new learning journey all about farm animals and where our food comes from which will involve our exciting trip to White Post Farm.

As Geographers, Year 5 have continued their learning about Brazil, and have produced some fantastic pieces of work for our classroom display. Class 5 are

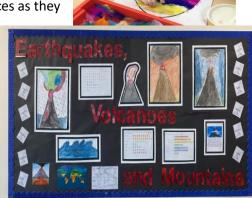

particularly enjoying their Science learning, and investigated the question, 'What happens when you mix vinegar with bicarbonate of soda?' The Caterpillars in FS1 have been busy learning about Easter time. We know that chicks are hatching because it is springtime, and this inspired us to do some amazing collage activities. The children have also been using their beautiful singing voices as they have practised our Easter song!

In Year 4 we have finished our learning all about Volcanoes, Earthquakes and Mountains. The pupils have completed some stunning artwork and the collages are yet to join the paintings on display. They have also written reports about Volcanoes and created posters for 'The Land of Ice and Fire'.

In Year 2 we have been looking at what life is like in Kenya and comparing it to life here in England. We looked at the similarities of Nairobi (Kenya's capital) to our capital, London. After that, we looked at what a traditional Kenyan village in the rural area of Kenya is like. In our final week, for

science we are going to use our measuring skills to help us determine how tall the sunflowers have grown that we planted in 6 weeks ago and conclude what conditions a sunflower thrives in.

Year 3 have been doing some incredible learning. We have loved learning more about extreme weather events and how they are caused. They've done an incredible job with their most recent descriptive writing using a range of fantastic features including subordinating clauses and fronted adverbials to make their writing more interesting. We have been working really hard learning all about fractions including how to find equivalent fractions. I have been so proud of their mature attitude to our RE studies discussing differing beliefs. The children have all shown curiosity and a desire to learn more about different cultures which has been amazing. We also have loved spreading the love- the children have been writing some beautiful "shout outs" to each other and children in other classes expressing something they have been grateful for or wanted to thank them for. This has been wonderful to see. Our next topic is all about Italy and I just know you are going to love it!

Every child in school from FS2 to Y6 has taken part in the Virtual School Games recently where they practised their athletic, tennis, hockey and skipping skills and Mr Smith has been lining up more fun for the summer including Sports Days. This week the children performed at the Wales High School Gym and Dance festival; a group from Year 3 and 4 and one from Year 6 and we were so proud of them.

PTA – Friends of Anston Hillcrest

Friends of Hillcrest; our unofficial PTA met recently to discuss upcoming events and current fundraising. The disco this term raised nearly £400 and was loved by all who attended. The evening was so well organised and all the children had a lot of fun! Coming up; Coronation memorabilia designed by the children which can be purchased, a sponsored BOUNCE on Friday 19th May during the day for all classes and our Summer fayre after school on Wednesday 21st June. There will also be another disco to end the school year on Wednesday 5th July- more information will be sent out nearer the time about all these events. If anyone is interested in joining our PTA - they're keen on new members to join the group and support our school to raise funds which we can use to benefit all the children- please email school or see Mrs Sanford or Mrs Pritchard. The next meeting is on Monday 24th April in school at 7pm. A massive THANK YOU to our current members and helpers who have made such a difference to our school so far!

INSET dates for 2023-24	Communication
Our INSET dates for next year are;	As we continually strive to improve the communication between
Monday September 4 th (Autumn 1)	school/home we will try to ensure any after school clubs and
Friday December 22 nd (Autumn 2)	events which may clash are communicated in a timely fashion as
Monday June 3 rd (Summer 1)	we understand how difficult it can be to re-organise schedules
Monday 22 nd July (Summer 2)	without enough notice. Also please continue to use the school
Tuesday 23 rd July (Summer 2)	email to communicate with teachers unless otherwise arranged.

@HillcrestAnston #TeamHillcrest

Easter holiday FREE	BIES					
		light be useful in the Fast	er break as it			
Sent alongside this newsletter is a flyer advertising 'Eat well for less'; this might be useful in the Easter break as it advertises lots of places where children might even be able to eat for free! There's also a leaflet about all the free activities over the holidays; places are still available with:						
• 🧏 Rotherham United Community Sports Trust at Catcliffe Community Hall on 11 th to 14 th of April 🕺						
• 🏹 Excel Martials Arts at Swallownest Miners Welfare on 11						
• 🚯 Active Soccer at Maltby Academy on 3 rd to 6 th April and D		•	o 14 th April (open to			
all children) 🚯	Ũ	C C				
There are lots more on offer though so take a look at the leaflet accompanying this newsletter including some flyers						
from the South Anston Methodist church about a film night and an E	aster s	ervice too.

PLEASE HELP US...Families First

'Families First' is a local charity who provide items for families in crisis or who need a hand at a difficult time- the items can be household or baby items, clothes, baby equipment or toys. They will accept most things which are in good condition even furniture as this might furnish accommodation for a family who have very little. They're situated at the in Parkgate in Rotherham- can be contacted through <u>ann.familiesfirst@gmail.com</u> They are also linked with the Rotherham Children's Toy appeal; I've attached a leaflet for anyone wishing to know more and to read about the impact your kindness would have.

We would like to start collecting for them in school. If you have anything you'd like to donate we are going to have 2 drop off dates this summer term; Friday 19th May and Friday 30th June

Foundation Stage
